

DRONE RECORDS NEWSFLASH DECEMBER 2007

Dear Droners & lovers of the "imploded music" ! (music that is able to merge usually seperated styles, an "implosion" of categories)

Here are our new mailorder-entries for November and December, the last "Newsflash" of the year.
Most titles listed here were NOT listed already in the recently mailed out "Newslit" !

As always, pre-orders & reservations are possible. You also may ask for any new release from the more "experimental" world that is not listed here, we are probably able to get it for you. About 80% of the titles listed are in stock, others are backorderable quickly. Please send your orders & all communication to:

drone@dronerecords.de

PLEASE always mention all prices to make our work on your orders easier & faster and to avoid delays, thanks a lot !
(most of the brandnew titles here are not yet listed in our database on the website, but will be soon, so best to order from this list in reply)

Here are our new mailorder-entries for January / February 2008, the first "Newsflash" of the new year!

Some news first:

Just in production are FOUR new DRONE 7"es, we are taking pre-orders now:

DR-89: SHRINE - Distorted Legends, Pt. 1 (Bulgaria; more daring experimental drones from eastern Europe reminding on BAD SECTOR for example, rough & atmospheric and at times melodic)

DR-90: NOISE DREAMS MACHINA - IN / OUT (Spain; great electro-acoustic drones of high complexity from the Berlin / Barcelona - based artist OSCAR MARTIN)

DR-91: MOLJEBKA PVLSE - Ivde dings (Sweden; mesmerizing magneto-drones from Swedens new drone-star, so dense and impervious)

DR-92: XABEC - Feuerstern (Germany; long planned, finally out: two wonderful new tracks by the prolific german artist, comes in cardboard-box with golden print / lettering!)

[PLANNED OFFICIAL RELEASE DATE: 20. February 2008. Subscribers will get an extra e-mail info]

We were able to get many 2nd hand VINYL - rarities which you find in this list, be quick if interested!

If you are looking for the lovely designed TROUM re-issue doLP of the "Mort aux Vaches: SEN"-album on Equation Records, please note that it doesn't appear in this update as we are already out of copies. Momentarily you can still get it from Conspiracy Records, Tesco, Cold Spring or Beta-Lactam Ring Records.

As always, pre-orders & reservations are possible. You also may ask for any new release from the more "experimental" world that is not listed here, we are probably able to get it for you. About 80% of the titles listed are in stock, others are backorderable quickly. Please send your orders & all communication to:

drone@dronerecords.de

PLEASE always mention all prices to make our work on your orders easier & faster and to avoid delays, thanks a lot !

(most of the brandnew titles here are not yet listed in our database on the website, but will be soon, so best to order from this list in reply)
