Drone Records Mailorder-Newsflash September 2009

Dear Droners & Lovers of the UN-LIMITED music!

Here are our mailorder-entries & release-news for September 2009, the 7th "Newsflash"-update this year!

Release news! We are so proud about this little gem, the 12th in our 10" series about that "something" you can not perceive with the usual senses:

KALLABRIS - Music for very simple Objects 10" (Substantia Innominata SUB-12)

one of the most mysterious & thought-provoking German experimental projects with a philosophical work about time & order; bizarre formations of sequential sounds derived from field recordings; "substantia innominata et principium innominatum" (Kallabris). Edition of 500 copies, great full colour artwork by Mal Hoeschen (Multer, Genesungswerk), transparent flour green vinyl !

Other highlights for this month include the lovely sounding & designed new LP by AD(VANCE)D (soon with a 10" on Substantia Inn. too), the second album by Belgium's finest ONDE (with members of NOISE-MAKER'S FIFES), a brandnew album by VOICE OF EYE that takes us high as we can go, the incredible RRR-1000 LP with 1000 lock grooves on one LP (sounds impossible, but its true!), the long awaited new album by THOMAS KÖNER, two LPs (one remix) & split 7" by "N" (of MULTER-fame), a CD re-issue of two deleted TROUM 10"es (for the time on CD: "Ljubimaya / Daur"), lots of fantastic CDs in the sophisticated 'empreintes DIGITALes' series, and and and..
