Dear Droners & Lovers of the UN-LIMITED music! Here are our mailorder-entries & release-news for July 2009, the 5th "Newsflash"-update this year!

OWN NEW PRODUCTIONS:

TROUM - SIGQAN CD (Transgredient Records TR-06) 13.00 RE-ISSUE

Released as Troums 5th full-length album in 2003 in the Desolation House-series, "Sigqan" became quickly one of the most requested & praised longplayers of the group. It has 3 long pieces of acoustically created drone-ambience using multiple guitar-layers & loops which develop into an atmosphere of slow declining & sinking.. This re-edition comes with new 6-panel digipack artwork feat. UV-high gloss spots, designed by the ever amazing Eye.lyft (www.evellyft.com).

SUB-11 OLHON - Lucifugus 10" (Substantia Innominata SUB-11) 12.00 NEW

This shows the collab-project of BAD SECTOR & WHERE recording pure sounds from an abandoned large metal water tank located in a forest in Tuscany, Italy (originally used by miners from that region). Both tracks are based entirely on these field recordings. Orange vinyl & stunning artwork by Berlin-based artworker Tilmann Benninghaus who was also responsible for the highly praised CISFINITUM cover (SUB-04). Edition of 500 copies. Lucifugus music for Lucifugus men!
