

SUBSTANTIA INNOMINATA

- SING THE SONG OF THE UNKNOWN -

"Substantia Innominata" is the 10" VINYL - series by Drone Records, presenting works inspired by or related to "the Unknown" around or within us. OUT NOW (Sept. 2011):

SUB-15 • [AD]VANCE[D] - 24

[ad]VANCE[d] is the brainchild of MARS WELLINK from Arnhem, NL, active since many years as a part of VANCE ORCHESTRA and graphic & printing designer. A master of loopy trance-inducing collages. On this new 10inch in our series dedicated to the UNKNOWN he transforms "every day" environmental recordings from a full day (24 hours) of his existence into a surrealistic collage. Listen to a unique atmospheric travelogue, the aural world seen from a subconscious perspective. Great cover-collage by ROBERT SCHALINSKI (COLUMN ONE). 500 copies pressed in 'flamed solid white & black' colour.

"Quite a curious record, which I like very much, I must say. An excellent record of radiophonic qualities - somebody should invite them to do a radioplay." [FdW/Vital Weekly]

SUB-14 • YEN POX - Universal Emptiness

Finally NEW material (two side-long tracks named ABOVE & BELOW) by this cult project from the US, working with deep e-bass sounds to create a really isolationistic mass of darkest cosmic ambience, a kind of "black hole" ur-drone; when you put this on you are immediately touched by the cold breath of an amorph "otherness" - this sound is so monumental and complex that it seems to suspend not only the mind but also the physis, and you experience intensely that both are the same anyway... there's something in this music that lets you really shiver and feel levitated at the same time.. gloriously, the self is dissolving... **filed under:**

DARK OCEANIC ! Artwork by the great artist & photographer EYELYFT

(eyelyft.blogspot.com) feat. gloss spot printing parts. Lim. edition 500 copies, comes on BLACK vinyl in order to have the best possible sound quality, over 30 minutes of playtime!

[**extra NOTE: the original material was so massive that it needed 3 master-plates before it could be pressed - the primal tracks had to be shortened & de-equalized as they were TOO HEAVY to be pressed on vinyl!]
